League of Women Voters of McLean County

About the League

The League of Women Voters encourages the informed and active participation of citizens in government and works to influence public policy through education and advocacy.

The League is a non-partisan political organization. We take action in support of, or in opposition to, selected governmental issues, but we do not support or oppose political parties or candidates.

The League recognizes that varied perspectives are necessary for responsible and effective decision-making and actively seeks to be inclusive. We are open to men and women and encourage student members. We work to increase the diversity of our membership and to network with other community organizations with which we share common goals.

2008-2009 League Activities

Each year offers League members opportunities to learn more about current political issues in our communities, our state and our nation.

Some of our planned programs this year include:

- Ballot issues
- US voting issues vs other democracies
- Farming and the politics of corn
- Juvenile justice and sentencing
- Observer reports on local government issues
- What the next President needs to know about intelligence
- Mass communication, what's happening in our media
- Annual dinner & silent auction

While League meetings are open to all, League membership offers the chance for positive community involvement, for expanded knowledge and for meeting others with similar interests. League members are women and men from all walks of life who believe informed citizens can make government work.

We invite you to join the League of Women Voters of McLean County.
